Important: Competitors should check first with their collectors in case there are any last minute changes. When taking your sample to the collecting point you should make sure that it arrives in good condition. Dry ice or ice salt should be used for this purpose but should not be too close to the sample. Frozen Food Courier Kestrel will be taking samples from collecting points to Harrogate apart from Northern Ireland. The entry fee includes a contribution towards transport so it is not necessary to hand in further monies to collecting points.

Important: Artistic Class: Competitors who are entering the Artistic class wishing to send their entry to a collection point should ensure that their nearest collection point is willing to take their entry; if so, competitors must note that these entries are taken at their own risk and the collecting point /Kestrel cannot be responsible for any damage.

Queries: If there are any queries please contact Lauren at Head Office on 01332 203333 during normal office hours.
